Consultation

A detailed assessment of the human remains was made by the State Historical Society of Wisconsin professional staff in consultation with representatives of the Forest County Potawatomi Community, Wisconsin; Ho-Chunk Nation of Wisconsin; and the Menominee Indian Tribe of Wisconsin.

History and description of the remains

In January 1995, human remains representing, at minimum, one individual (HP.KN-0408.1) were removed from the Silverwood Farm Site (47-KN-0408) in Kenosha County, WI. The Silverwood Farm site is located near two known Potawatomi villages and a Potawatomi burial ground. There are also early settler accounts of the Potawatomi inhabiting this region of Kenosha County at the time of contact. The remains were disturbed by the landowner while digging postholes with an auger. The Historical Society's Burial Sites Preservation Program was

notified of the discovery and the remains were transferred to them. The remains were determined to be those of a juvenile of indeterminate sex and ancestry. No known individuals were identified. The one associated funerary object is a piece of copper (HP.KN-0408.2).
